Safety Tips

For Drivers

- /// Stop for pedestrians at crosswalks and intersections – it's the law.
- /// Do not block crosswalks when stopping at intersections.
- /// Slow down and obey the posted speed limit.
- /// Take extra care around schools, playgrounds and neighborhoods.
- /// Always look out for pedestrians, especially before turning at a green light or making a "right turn on red."
- /// Never run red lights.
- /// Be careful when passing stopped vehicles. They might be stopping for pedestrians.
- /// Allow 3 feet when passing bicyclists.
- /// Share the road. It's your responsibility to look out for others.

For Bicyclists

- /// Always wear a helmet.
- /// Obey all traffic rules – bicycles are vehicles.
- /// Do not ride against traffic.
- /// Yield to pedestrians on the sidewalk and in the crosswalk.
- /// Be predictable; use hand signals.
- /// Use a headlight, tail light, and retro-reflective clothing when riding at night.
- /// If you cannot see a truck's mirrors, the truck driver cannot see you.
- /// Don't cut in front of a truck too soon after passing.

Safety Tips

For Pedestrians

- /// Cross the street at marked crosswalks and intersections whenever possible.
- /// Before crossing, look left, right, then left again, and over your shoulder for turning vehicles.
- /// Begin crossing the street on “Walk” signals – never on a solid or flashing “Don’t Walk.”
- /// Use pedestrian pushbuttons to activate/extend the walk signal.
- /// Use sidewalks. If there are none, walk facing traffic so you see vehicles, and drivers see you.
- /// Make eye contact with drivers so they see you. Never assume they do.
- /// Stay visible after dark and in bad weather with light-colored or retroreflective clothing.
- /// Bus and truck drivers take longer to stop and are looking out for you. Are you looking out for them?
- /// Pay attention to turning vehicles – especially trucks and buses making a “right turn on red.” Be aware that truck/bus drivers often have to swing wide to negotiate turns.
- /// Watch out for trucks and buses backing out of parking spaces and driveways.
